

Clerks Report – Works & Events 27th February 2024

New burial ground

From the last meeting in January – The Clerk contacted Willow to confirm the details of his quote. Our assumption that he had not fully understood what was required was correct and he had not quoted correctly. He was asked to re-quote accordingly. Cllr Stroud was also contacted to establish the best way of planting to hopefully achieve the best possible outcome for the survival of the whips. This information will be relayed to contractors. Work to establish a water connection in the area will commence at the beginning of March. Two standpipes will be installed and barrier pipes laid underground as per Thames Water requirements.

Car Park

- Selected contractor has been contacted to carry out works in the car park i.e. removal of hawthorns

Christmas Globes

The globes have arrived and have been stored away.

Town Crier Competition

Work is progressing with arrangements for the Town Crier competition in September. The Bull Hotel have agreed to let us have the large room at the rear of the hotel free of charge. They have also supplied us with a 2 or 3 course menu - £20/£25 respectively. Invitations have gone out to town criers and we await their responses.
