23 August,2024

Dear Committee Members

We are two groups within the local U3A, and have been playing on a piste inside the grounds of the Farmors school for over twelve years. Due to the tightening of Child Protection Policies by the school, it has become difficult to continue regular playing on that piste.

Earlier this year, we received contact from Fairford Cricket Club, who offered us an area for a piste as part of their improvement of the grounds towards a new sports and leisure complex.

In order to take advantage of this offer, and to expand the use of a new piste into a community club, we need to raise finances, which is under way.  
We enclose the details of our application, together with the related documents and information.

Please contact us at the above address with any questions or comments

Yours truly

Geoff Dennis  
Groups Leader
