1st April 2026

Ms V Lawrence
Town Clerk
Fairford Town Council
The Community Centre
High Street
Fairford
Gloucestershire
GL7 4AF

Dear Ms Lawrence,

Ref – Surfacing works to footpath behind The Bull Hotel Fairford.

Thank you for your enquiry on the 1st April 2026. We have pleasure in submitting our quotation and hope that it meets with your approval.

To cut joints as necessary.

To sweep clean the surface carting all excess materials to tip.

To weed kill the area. This operation will not kill ungerminated seeds. Should these seeds germinate at a later date they may come up through the surface and will have to dealt with at that time.

To regulate out any potholes/depressions using the surface course material.

To tack coat (bonding agent) the old surface.

To supply and lay 30mm compacted thickness of AC6 dense surface course.

The joints of new tarmac against old tarmac would be sealed using bitumen strips.

Cost £1795.00 + VAT

Yours faithfully
For Cotswold Surfacing Co

A K Harvey

All quotes are valid for 60 days from date of quote, then maybe subject to material price increases. If successful with a quotation a deposit would be required. Thank you for your understanding.
